

Printable Monthly Onesie Stickers

parties by *hardie*

MATERIALS:

- printer
- white 8 ½ x 11" inkjet t-shirt iron-on paper OR
- inkjet label sheets if you want to make stickers (3M Full Sheet Labels from Office Depot)
- scissors
- white onesie or t-shirt

DIRECTIONS:

- use the monthly onesie stickers on a onesie or t-shirt and photograph your child to document their growth each month
- try to take similar shots each time, for example place your child in a similar pose or in the same location
- use the manufacturer's directions when printing
- some printers have an inkjet t-shirt transfer setting that will automatically reverse the image. Always do a test print on regular paper to make sure before using the transfer paper. This file contains both the regular image and the reversed image.
