Better Bear Eagle Project

I had surgery twice in Elementary School and received a Better Bear each time from the hospital. They were comforting to me during a scary time. They meant so much to me that I still have them 11 years later.

I decided to make Better Bears for my Eagle Project because my little brother, Drake, had to have surgery and I thought it was cool that Drake would get his own Better Bear. Once I realized the hospital may not have any to give out, I was disappointed and felt like someone should make them for Drake and the kids. That's when I decided that I could be that person and make them as my Eagle Project.
