

## Pretzel Crayon Wrapper Templates by

### ★ MATERIALS:

- Candy melts (I used Wilton brand)
- Rold Gold Honey Wheat Braided Twists (these are the perfect size, found at Wal-Mart)
- Colored paper ( thinner paper wraps better around the pretzels, cardstock is too stiff)
- Free pretzel crayon wrapper templates
- Tape

### ★ DIRECTIONS:

1. Prepare the candy melts according to the package directions.
2. Lay out waxed paper. Dip one half of each pretzel into the melted candy. Shake off the excess and lay gently on the wax paper to dry.
3. After they have dried, dip the other half into the melted candy. Shake off the excess and lay gently on the waxed paper to dry.
4. While pretzels are drying, print the pretzel crayon wrapper templates onto colored paper. Cut out the wrappers.
5. Take the pretzels and cover with the wrapper. You can use double sided tape or regular tape to keep it closed. I don't recommend glue since these will be eaten.
6. Package in a crayon box for that little extra touch. You can find a great crayon box template here: [http://www.jersgirl.com/templates/crayonsbox16\\_jersgirl.jpg](http://www.jersgirl.com/templates/crayonsbox16_jersgirl.jpg)
