CUPCAKE TOPPERS

Print on cardstock or matte or soft gloss finish photo paper.

Cut out circles with circle cutter or 2" inch circle punch, or just leave them square {if applicable} for a fun look!

CUPCAKE WRAPPERS

Print wrappers on plain white printer paper. Cut around edges and secure with tape. Place cupcake inside wrapper.

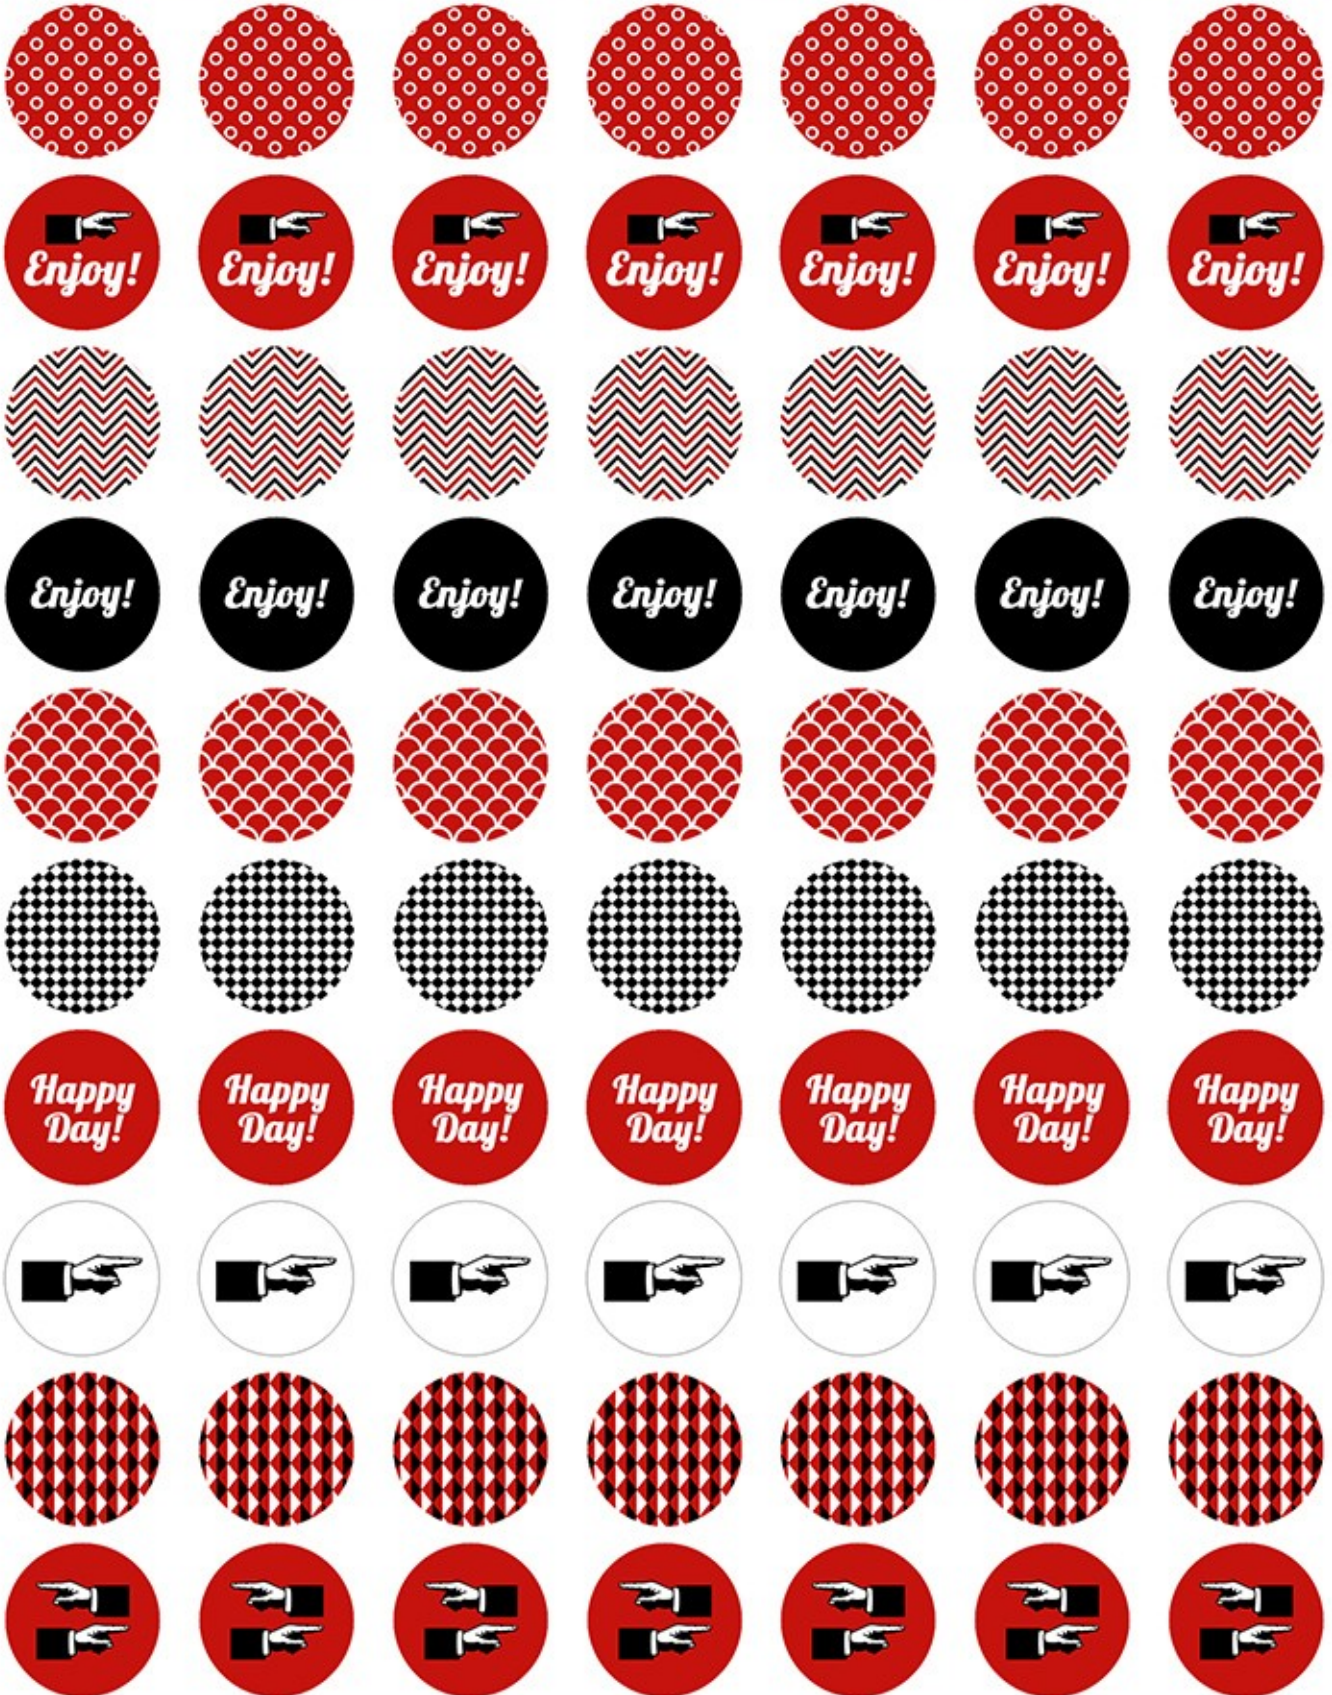

STRAW FLAGS

Print flags onto card stock or white printer paper. Cut out flags along solid lines. Place double sided tape on one side of inside of flag. Fold around straw and press firmly so that it sticks to the straw.

HERSHEY KISS LABELS

Print on sticker paper, cut out using a 3/4" circle punch, remove bottom layer, stick to the bottom of Hershey Kisses chocolates.

WATER BOTTLE WRAPPERS

Print bottle wrappers on cardstock, cut out and then laminate. That way the paper doesn't dissolve when it gets wet!
You can also use clear packing tape around the entire label, if that's easier.

NAPKIN RINGS

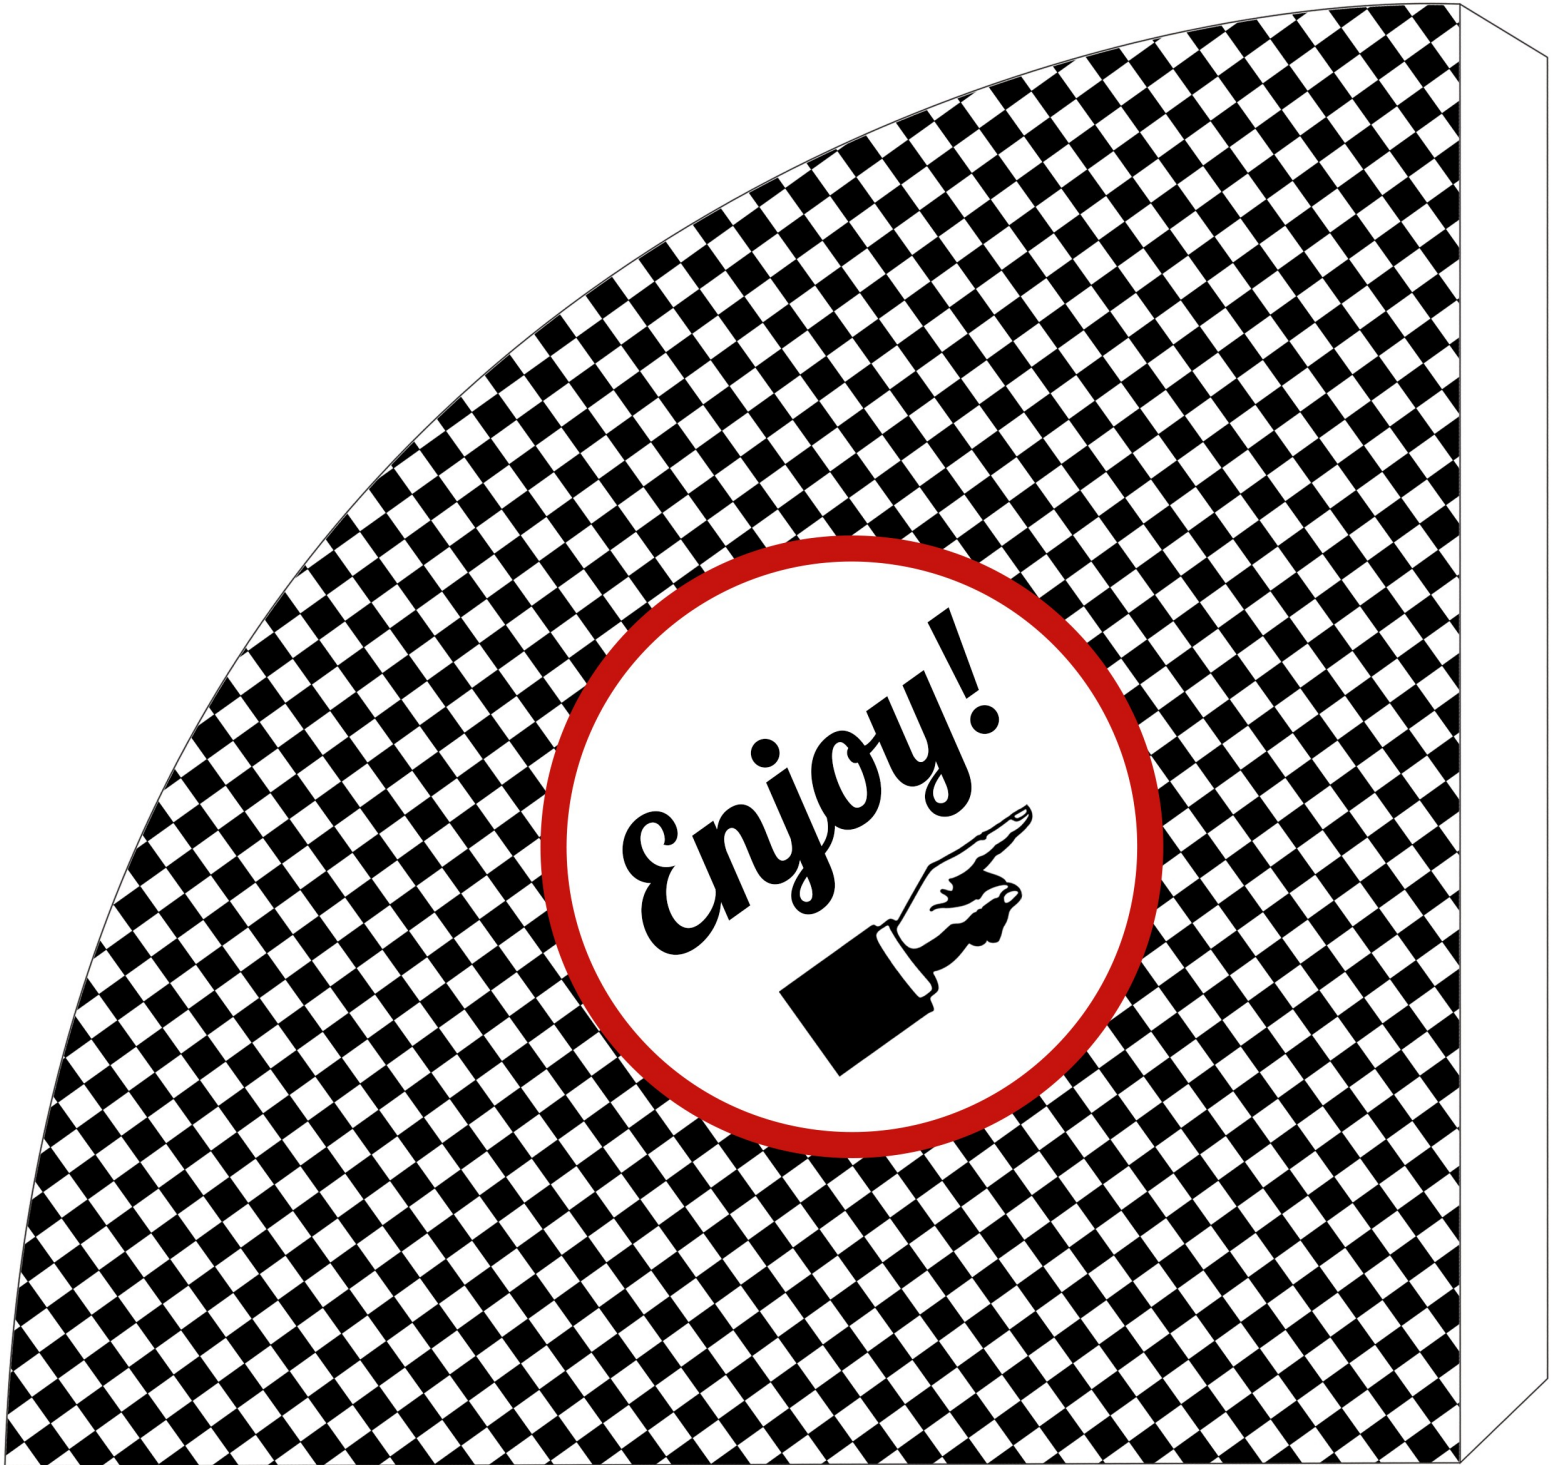

Print on cardstock paper or matte or soft gloss finish photo paper, cut out and use a piece of tape to fasten around napkin {or napkin and utensils} so that it slides on and off.

TREAT CONE

Print on cardstock or matte or soft gloss finish photo paper and cut out and overlap the edges making sure that they are even at the top of the cone.

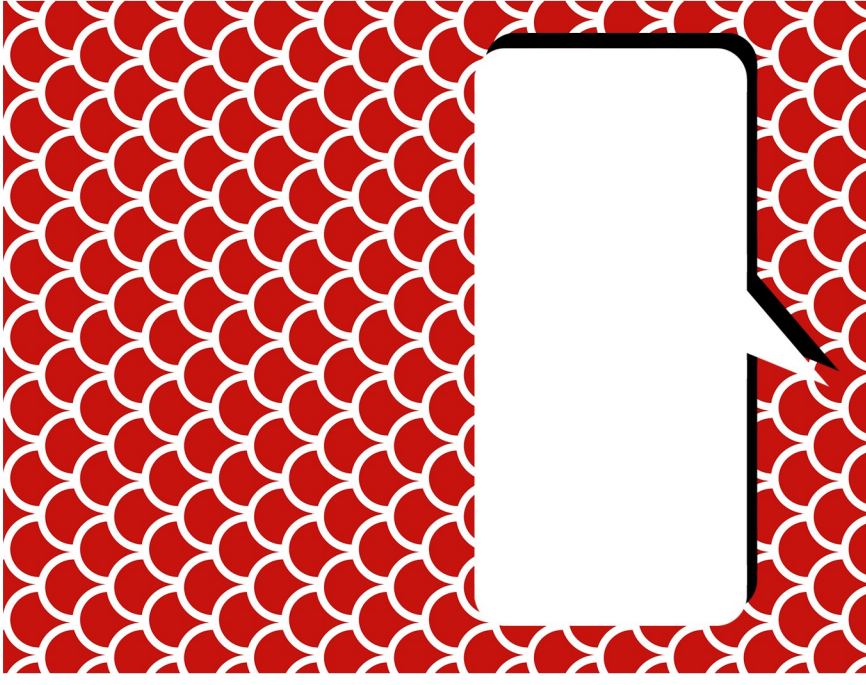

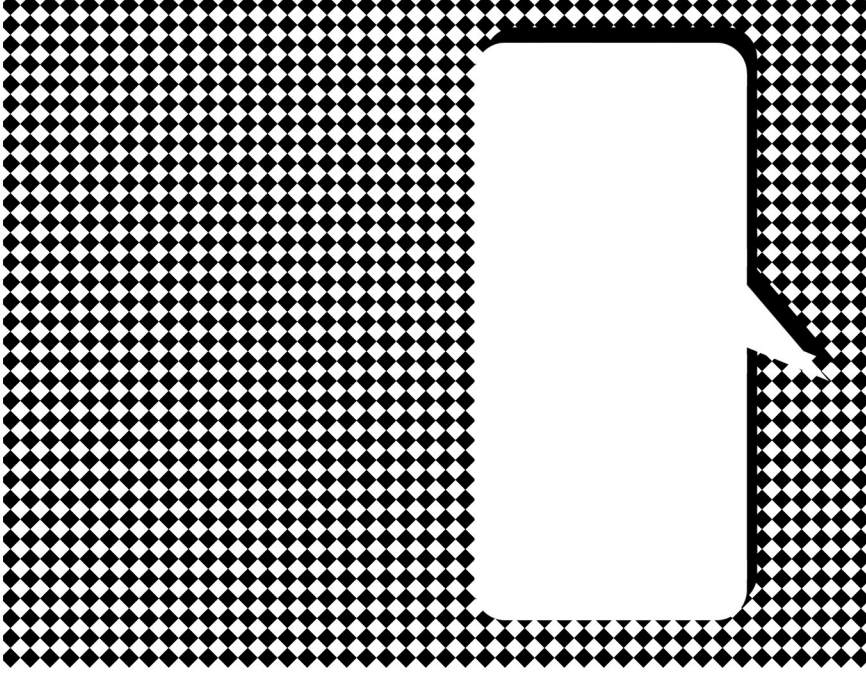

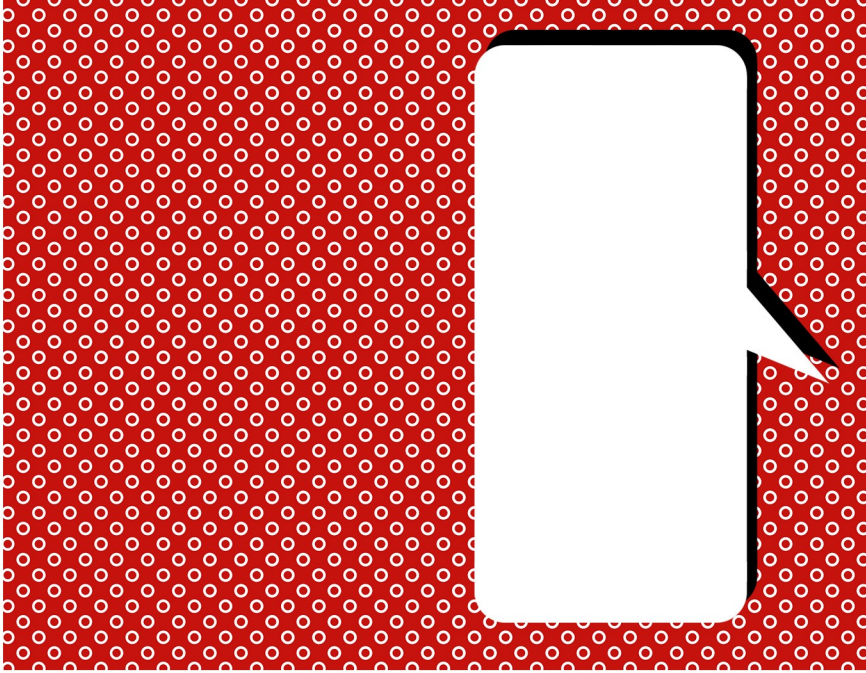

Place a piece of scotch tape on the inside of the cone at the seam and press it so that it lays smooth. Then place another piece of transparent tape on the outside of the cone on the seam. Press down firmly to make sure they are holding. Alternately, you can use a glue stick.
